Tackling Poverty NZ

I HEAR YOU!!

Unemployed

Justice

- Suffering from distress of their part
- Lack of direction & guidance
- Not necessarily criminals - = iced camps
- Last of jobs - Qualified people coming home & studying to help but there's no confirmation of a job.

You have the choice
I know what I don't want

Handwritten notes on sticky paper:
I want to be a teacher
I want to be a nurse
I want to be a doctor

4.0 Challenges and opportunities

1. Get the most out of everyone in the group
What do you think, feel, see going forward?
What are we missing? What is getting in the way?
2. Develop consensus: test assumptions, deal with myths
3. Build and share solutions
4. Strategy is about choice
What ideas should we focus on? What should we say no to?
5. Successful strategy is about pitch
Turning 'the lows' into actions
6. Identify who needs to do what 'to bring about change'
What local players and/or national players?
