ABOUT THE AWARDS

29 Years of Business excellence. The Deloitte Top 200 Awards were established in 1990 and are held annually to recognise and applaud outstanding individual and management team performances among New Zealand's largest companies and trading organisations. From the Top 200 index, significant contenders are identified for a series of awards. A thorough and comprehensive judging process follows with the winners announced at a black tie event held annually in November/December.

2018 Diversity and Inclusion Award
