## WHAT IS THE NZBCSD?

The New Zealand Business Council for Sustainable Development (NZBCSD), established in May 1999, is a coalition of leading businesses united by a shared commitment to sustainable development via the three pillars of economic growth, environmental protection and social progress.

The NZBCSD is a partner organisation to the World Business Council for Sustainable Development (WBCSD), a coalition of 150 international companies with members drawn from more than 30 countries and 20 major industrial sectors. We also benefit from the WBCSD's global network of 30 national and regional business councils and partner organisations, involving some 700 business leaders globally.

## OUR MISSION

To provide business leadership as a catalyst for change towards sustainable development, and to promote eco-efficiency, innovation, and responsible entrepreneurship.

## OUR AIMS

Our objectives and strategic directions, based on this mission include:

**Business Leadership** – To be the leading business advocate on issues connected with sustainable development;

**Policy Development** – To participate in policy development in order to create a framework that allows business to contribute effectively to sustainable development;

**Best Practice** – To demonstrate business progress in environmental and resource management and corporate social responsibility and to share leading-edge practices among our members; and

**Global Outreach** – To contribute to a sustainable future for developing nations and nations in transition.
