Kia ora Wendy,

Thank you for your email and apologies for the delay in reply. The document *Ministry of Health. Guidance on the Treatment and Care of New Zealanders in an Influenza Pandemic: Clinical pathways. Wellington: Ministry of Health. On request* was an internal Ministry draft document from 2006, and upon further a further search seems did not progress past the draft stage and therefore was not published. Can you please confirm you would still like a copy of this despite being a draft?

Regarding part 2 of your request, confirming the links were webpages.

Ngā mihi,

OIA Services Team
Ministry of Health | Manatū Hauora
